The keyboard
locating and matching letters

Children work with computers in schools. Help your child to locate the letters on the computer keyboard.

Parents: Please cut out these letter cards and help your child to match them onto the keyboard on page 2.
Children work with computers in schools. Help your child to locate the letters on the computer keyboard.

Match the capital letters on page 1 onto these sound letters on the keyboard.
Extension activity: Look at a real keyboard. Write the numbers and letters on the keyboard below.

Parents: please note that most young children would require guidance with this activity.
